DETAILED ACTION

Claims 1 and 14 are pending in the case

Receipt of an information disclosure statement, and a declaration regarding a biological deposit, on 4/20/05, is acknowledged.

Response to Amendment

Any rejection of record in the previous action not addressed in this office action is withdrawn.

Double Patenting

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1 and 14 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-11 of U.S. Patent No. 6,706,525.

This rejection is maintained essentially for the reasons made of record in the previous Office action, mailed 10/20/04.

In response to this rejection, applicants have stated that if the claims are found otherwise in condition for allowance, they will file a terminal disclaimer. Therefore, the rejection has not been overcome and it is maintained.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
